

REMARKS/ARGUMENTS

Reconsideration is respectfully requested.

As requested, the replacement drawing sheets that were submitted previously is attached hereto this paper.

Claims 1-12 are pending in the present application before this amendment. By the present amendment, Claims 1, 5, and 9 are cancelled without prejudice, and Claims 2, 6, 10, and 12 have been amended. No new matter has been added.

Claims 1, 5, and 9 stand rejected under 35 U.S.C. § 102(e) as being anticipated by U.S. Patent No. 6,392,719 (Kim).

Claims 2-4, 6-8, and 10-12 stand allowable if they are rewritten to include all limitations of the base claim and any intervening claims.

In response, Claim 2, 6, and 10 have been amended to incorporate the limitations of the Claims 1, 5, and 9. Claims 1, 5, and 9 have been cancelled.

With respect to the reasons for allowance for claims 47 and 61-73, pursuant to 37 C.F.R. § 1.104(e), the applicant respectfully disagrees with the Examiner's Statement of Reasons for Allowance, to the extent that the Statement might be construed in any way to limit the scope of the allowed claims.

For the reasons set forth above, Applicants respectfully submit that Claims 2-4, 6-8, and 10-12, now pending in this application are in condition for allowance. A Notice of Allowance is requested in the next action. This amendment is considered to be responsive to all points raised in the Office Action.

Should the Examiner have any remaining questions or concerns, the Examiner is encouraged to contact the undersigned attorney by telephone to expeditiously resolve such concerns.

Respectfully submitted,
